

Press Release:

Headline: Logitech New Zealand joins TechCollect NZ's growing list of members to deal with e-waste the right way in Aotearoa.

Auckland, New Zealand, December 2022: *Logitech New Zealand joins forces with TechCollect NZ members at Apple, Canon NZ, Dell Technologies New Zealand, HP New Zealand, Microsoft, Toshiba and the Warehouse Group to support New Zealanders to manage their e-waste using environmentally sound practices and contribute to the development of an effective regulated e-product stewardship scheme in Aotearoa New Zealand.*

Logitech is a household brand in New Zealand and many Logitech products can be found in homes, schools and offices across the country. Committed to sustainability, Logitech New Zealand is supporting TechCollect NZ's efforts to provide a free national e-waste management service for ICT equipment and recommend the best options for an ongoing e-product stewardship scheme that matches Aotearoa's unique setting.

TechCollect NZ provides a proven framework that addresses and progresses members' social and sustainability goals. By joining TechCollect NZ, Logitech New Zealand demonstrates its dedication to its values around:

- **Designing a positive future** – Defying the logic of the past to create a more equitable and climate positive world.
- **Focusing on climate solutions** – Working hard to reduce our carbon impact that leads to a positive impact on the planet.
- **Embracing circularity** – Transitioning to more circular materials and looking for new ways to reduce waste and extend the life of products, components and materials.
- **Designing for an inclusive world** – Celebrate and partner with those who are championing diversity, equity, inclusion, and social justice in their communities.
- **Taking action** – Applying new logic to big challenges and working collaboratively to create a better world.

TechCollect NZ Senior Policy Manager, Michael Dudley comments, "TechCollect NZ thanks Logitech New Zealand and its global team of sustainability and product stewardship experts for committing their valuable time and resources to support the vital mahi we are leading in Aotearoa. Logitech New Zealand's contributions mean that we can continue to offer our free, safe and responsible e-waste collection and recycling service without government funding support, and this is an important step towards a regulated scheme."

Dudley says, “brands like Logitech New Zealand and our existing members are leading by example and showing the people of Aotearoa what can be achieved when organisations (who are traditionally competitors) work together to achieve a common goal. Collaboration is key and the diversity of our membership makes us stronger. We invite all e-product manufacturers, importers and retailers to get involved and help us shape a better future.”

About Logitech

Logitech helps all people pursue their passions and is committed to doing so in a way that is good for people and the planet. We design hardware and software solutions that help businesses thrive and bring people together when working, creating, gaming and streaming. Brands of Logitech include Logitech, Logitech G, ASTRO Gaming, Streamlabs, Blue Microphones and Ultimate Ears.

Founded in 1981, and headquartered in Lausanne, Switzerland, Logitech International is a Swiss public company listed on the SIX Swiss Exchange (LOGN) and on the Nasdaq Global Select Market (LOGI). Find Logitech at www.logitech.com, the [company blog](#) or [@logitech](#).

Logitech and other Logitech marks are trademarks or registered trademarks of Logitech Europe S.A. and/or its affiliates in the U.S. and other countries. About Techcollect NZ

A not-for-profit member based organisation established by leading global technology companies committed to supporting the development of a fit for purpose regulated product stewardship scheme for electrical and electronic products in Aotearoa New Zealand.

TechCollect NZ works with a range of collection partners to provide a free collection and recycling service for ICT equipment in Aotearoa. This free service is available to households and small businesses looking to recycle responsibly once their ICT equipment is unwanted or has reached end of its useful life.

TechCollect NZ members can access a range of benefits that seek to add value in the form of brand and organisational reputation enhancement, industry networking opportunities, government relations and advocacy, as well as community relations.
